

9001151 & 9001157 AC to 48 VDC Power Supplies

DESCRIPTION

DIN rail mount 48 volt output DC power supplies. These supplies can operate with either AC or DC input.

The supplies comply with EN61000-6-2. They offer short circuit protection, overload protection, over voltage protection, and over temperature protection. They are UO508 and TUV EN60950-1 approved.

How to Order:

Part #	Description	Price
9001151	2 Amp supply only, no AC input power cord or DC output cord	\$100
9001158	2 Amp supply with US AC power cord and DC power with DC power connector	\$125
9001157	5 Amp supply only, no AC input power cord or DC output power cord	\$225
9001159	5 Amp supply with US AC power cord and DC power with DC power connector	\$251

FEATURES

- DIN rail mounting
- AC or DC line side input
- 9001151 is 2 Amp, 85 to 264 AC and 120 to 370 VDC input
- 9001157 is 5 Amp, 88 to 246 AC and 124 to 370 VDC input
- 48 Volt DC output
